Summons by Publication.

The State of Oklahoma to Rosetta Lee and Georgia E. Lee, and the unknown heirs of Wesley W. Lee, deceased, greeting.

The said defendants, Rosetta Lee, Georgia E. Lee and the unknown heirs of Wesley W. Lee, you and each of you are hereby notified that you have been sued in the district court of Beaver County, State of Oklahoma, by J. K. Lee, as plaintiff, the object and prayer of his petition being to recover the sum of six hundred eighty dollars, with interest thereon at the rate of six percent per annum from October 5, 1900, until paid, said sum being due upon one certain promissory note dated Ivanhoe, Oklahoma, October 5, 1900, due on demand and signed by Wesley W. Lee, and Georgia E. Lee, and payable to the order of John W. Lee, and by him endorsed and delivered to said plaintiff for a fair, valuable and sufficient consideration, and also the sum of one hundred dollars attorneys fees and to foreclose a vendor's lien upon and against the West Half of the Northeast quarter of section Thirty-Three, in Township One North of Range Twenty-Eight, East of the Cimarron Meridian, in Beaver County, State of Oklahoma, said note having been given to secure the purchase price of said real estate from John W. Lee by Wesley W. Lee, and for such other and further relief as to the court may seem just and proper, and that you must answer or otherwise plead to the petition of said plaintiff now on file in the office of the Court Clerk in and for Beaver County, State of Oklahoma, at Beaver, Oklahoma, on or before the 21st day of October, 1915, otherwise said petition will be taken as true and confessed and judgment rendered in favor of said plaintiff and against said defendants and each of you in accordance with the prayer of said petition.

In witness whereof, I have hereunto signed my name and affixed the seal of said court at my office in Beaver, Oklahoma, this 2d day of September, 1915.

Hughes in said action foreclosing a certain first mortgage securing said last above named note, and of even date therewith, upon the said tract of land above described. Also for judgment against the said Thomas J. Hughes for the sum of \$35.50 upon two certain promissory notes dated December 16, 1912, executed by the said Thomas J. Hughes payable to the order of Jennie Savage with interest at 10 per cent per annum until paid each note being for the sum of \$17.75. And a further judgment against the said defendants foreclosing a certain second mortgage securing said last named notes and of even date therewith upon the said tract of land above described, and adjudging that default has been made in said mortgage. That plaintiff have a lien upon said premises as provided by the terms of each of the two mortgages above mentioned to the amount for

ANNOUNCEMENT!

The Public wants Buick Sixes---so many of them that we shall build nothing else in 1916.

Pioneer Builders of Valve-in-Head Motor Cars.

\$985

Regardless of the car you buy or the price you pay, nowhere can you get greater value.

More enduring than chrome, vanadium steel, more wonderful than the finest workmanship, is the idea that can dominate an industry.

In this day when more Buicks are being built than ever before it is interesting to remember that the distinguishing characteristics of the Buick, the Valve-in-Head Motor, has existed as an idea for twenty-five years and been built into Buick cars for thirteen years.

From 1903 to 1907 the Buick Valve-in-Head was a 2-cylinder engine. From 1908 to 1914 four cylinders dominated the field and the Buick Valve-in-Head Six was first put on the market in 1913. Fours were also continued—but the Valve-in-Head Six had stirred the imagination of the car-buying public. The demand from the start outpaced the production.

This demand has become so overwhelming that

now—for 1916—the Four gives way to Sixes. Two chassis, both Sixes—with roadster, touring car, coupe, sedan bodies. The Six has been made standard because in the Six the Valve-in-Head idea has its greatest opportunity for service.

Also since the first appearance of the Buick Six there has risen an insistent demand for smaller Buick sixes.

The Six is a natural, logical, efficient form for the Valve-in-Head type. Never before has the Valve-in-Head idea had such adequate materialization. This year the Buick factory is arranged for Sixes exclusively. The production will be large. Demand necessitates a steady stream of Buick trains leaving the factory during the season.

And the Power, Economy, Dependability and Comfort of 1916 Buick Sixes justify this demand more than ever. Study the specifications and you'll see why.
